## Molded Case Switch Disconnect

DDS-60SW

### Application

The DDS-60SW Molded Case Switch Disconnect is designed to meet the current code requirements of a disconnecting means for air conditioning installations and also could be used for refrigeration, swimming pools, and outdoor lighting applications.

### Advantages

The DDS-60SW Molded Case Switch Disconnect is rugged and easy to use like an ordinary light switch. It eliminates the pullout handle used in traditional AC disconnects and is easy to install. It is UL listed and rated for indoor and outdoor applications.

### Features

- 60A Rated
- Single-phase, two-wire, 240 VAC or split-phase, 3-wire 240 VAC
- Molded Case Switch with color coded on-off switch indicators
- NEMA 3R Rated metallic enclosure for outdoor applications
- Side door opens more than 180 degrees for maximum access
- Folded pivot locking tab
- Knock-outs available on four sides
