

# Features and Benefits

- Simple Installation** Bottom cover mounts easily onto a wall and top cover snaps into place.
- Protective Film** A protective blue film covers all channel to keep it pristine. Film can be easily removed right after installation. Save time on clean-up.
- Flat Channel Bottom** The flat bottom channel sits on surfaces easier and minimizes deformation for fast top cover alignment and fitting.
- Snap On Fittings** Fitting covers simply snap into place for fast installation.
- Made to Last** Made of UV resistant PVC material to resist the elements and provide long lasting protection.
- Attractive Finish** EasyGuard™ creates protected and attractive installations that customers love.

# Product Information

- Long Channel**  

CATALOG NO.	DESCRIPTION
EG-D3W	3" EasyGuard - 6-1/2' long
EG-D4W	4" EasyGuard - 6-1/2' long
- Wall Penetration**  

CATALOG NO.	DESCRIPTION
EG-WC3W	3" Wall Penetration
EG-WC4W	4" Wall Penetration
- Union Coupling**  

CATALOG NO.	DESCRIPTION
EG-CP3W	3" Union Coupling
EG-CP4W	4" Union Coupling
- 90° Flat Bend**  

CATALOG NO.	DESCRIPTION
EG-FB3W	3" 90° Flat Bend
EG-FB4W	4" 90° Flat Bend
- 90° Inside Elbow**  

CATALOG NO.	DESCRIPTION
EG-EB3W	3" 90° Inside Elbow
EG-EB4W	4" 90° Inside Elbow
- 90° Outside Elbow**  

CATALOG NO.	DESCRIPTION
EG-EIN3W	3" 90° Outside Elbow
EG-EIN4W	4" 90° Outside Elbow
- Flex Hose Connection Kit**  

CATALOG NO.	DESCRIPTION
EG-FH3W	3" Flex Hose Connection Kit
EG-FH4W	4" Flex Hose Connection Kit
- T-Joint**  

CATALOG NO.	DESCRIPTION
EG-TJ3W	3" T-Joint
EG-TJ4W	4" T-Joint
- Reducer Coupling**  

CATALOG NO.	DESCRIPTION
EG-TC34W	3" x 4" Reducer Coupling
- Duct End**  

CATALOG NO.	DESCRIPTION
EG-DE3W	3" Duct End
EG-DE4W	4" Duct End
- Soffit Fittings**  

CATALOG NO.	DESCRIPTION
EG-SF3W	3" Soffit Fittings
EG-SF4W	4" Soffit Fittings

**EASYGUARD™  
SYSTEM**

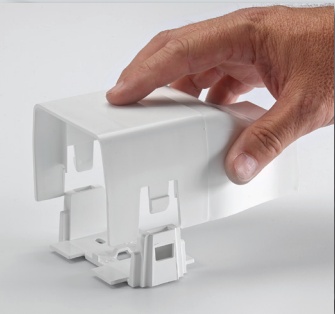

The complete EasyGuard™ system includes all the fittings and accessories for any installation.

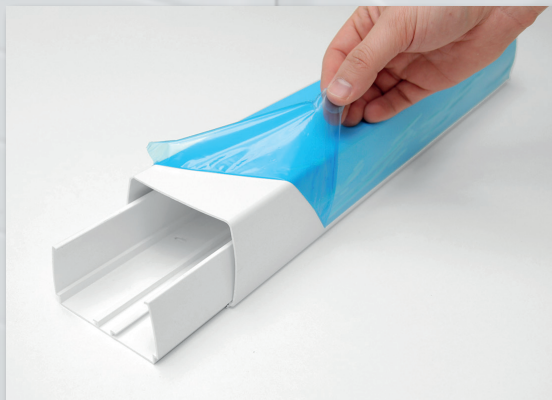

The EasyGuard™ Line Set Cover system is designed to protect line sets and insulation and meet local code requirements. It is quick and simple to install and ideal for both new and retro-fit installations.

EasyGuard™ is available in both 3" and 4" channel sizes to match almost every installation. The system includes a bottom base that attaches to a wall and top cover that snaps easily into place. The EasyGuard™ system offers a wide selection of fittings including elbows, couplings and tees to make installation fast and easy.

EasyGuard™ comes in an attractive white color but is also paintable to match any décor. It is made from a durable PVC material and is UV resistant to provide long last protection for linesets and components.

EasyGuard™ fitting covers simply snap into place for fast and easy installations.

EasyGuard™ is available in both 3" and 4" widths and comes with a protective blue film over the channel to keep it looking perfect through installation. The EasyGuard™ system can also be used inside.
