

The safe & affordable install

Applicable for residential or light commercial installations

Quick Swivel SPECS QSWI2000

A Close Up:

Each arm attaches to wood using 2 zip screws for stability & a 4" through bolt & wing nut for security. It can also be installed to steel or wood using our steel beam adapters.

Extension arms individually adjust in 1" increments using thumb screws & wing nuts for speed & versatility. This "U" mount installs as high as 19.5" or as low as 27.5" on flat or pitched roofs.

*Powder Coated.

Our Quick Swivel is made with 14-gauge steel able to hold 200 lbs. The swivel allows for 360 degree rotation for setting the perfect direction of air flow.

12 points of anti-vibration isolation is provided along with a hitch-pin used with the "I" bracket.

The Quick Swivel can easily be installed in residential or commercial applications. Turn the Swivel in any direction you need then lock it in place.

Quick-Sling's Quick Swivel provides you with a non-swinging, rotating platform that is quick, safe, stable and affordable.
