Smart Controls for Mini-Splits

Cielo Breez Edge Pro

Model: ED101WA

Color: Black

Display: Full Touch Screen Color LCD Display

Supports: Mini-Split, PTAC, Window & Portable

Air Conditioners & Heat Pumps that have an

IR remote with display.

Smart Home Compatibility: Alexa, Google, Siri Shortcuts, IFTTT, SmartThings, Cielo Linked

Special Features: 7-day Scheduling | Near-Field Sensing | Multi-Zone Mode Conflict Control | AI-Powered Comfy Max | Comfy Temperature & Humidity Range Control | Pin lock | AI-Driven Auto-Remote Detection | Follow Me | Freeze Protection | Turbo Mode | Comprehensive Usage History & Timeline of Actions | Air Filter Notifications | On-Device 7-Day Weather Display | Presets (Home, Away, Sleep, Pets) | Geofencing for Location-Based Controls

Apps: [Free Apps \(iOS, Android, Web\), No Subscriptions](#)

Cielo Breez Max

Models: BM101WA (Black) & BM102WA (White)

Colors: Black & White

Display: Crisp Display with On-Device Controls

Supports: Mini-Split, PTAC, Window & Portable

Air Conditioners & Heat Pumps

Smart Home Compatibility: Alexa, Google, Siri Shortcuts, IFTTT, SmartThings, Cielo Linked

Special Features: 7-day Scheduling | Follow Me | Multi-Zone Mode Conflict Control | Freeze Protection | Turbo Mode | AI-Powered Comfy Max | AI-Driven Auto-Remote Detection | Comfy Temperature & Humidity Range Control | Comprehensive Usage History & Timeline of Actions | Air Filter Notifications | Presets (Home, Away, Sleep) | Geofencing for Location-Based Controls

Apps: [Free Apps \(iOS, Android, Web\), No Subscriptions](#)

Smart Thermostats for Central HVAC Systems (Dual Fuel Thermostats)

Cielo Smart Thermostat

Model: CT101WA

Color: Black

Display: Full Touch Screen Color LCD Display

Supports: Conventional Systems up to (2H/2C) & Heat Pumps (4H/2C)

Smart Home Compatibility: Alexa, Google, Siri Shortcuts, IFTTT, SmartThings, Cielo Linked

Special Features: 7-day Custom & Presets Scheduling | Near-Field Sensing | Presets (Home, Away, Sleep, Pets) | Comprehensive Usage History | Pin Lock | On-Device 7-Day Weather Display | Geofencing for Location-Based Controls

Configuration: On Device or App Based

Apps: [Free Apps \(iOS, Android, Web\), No Subscriptions](#)

Comes with a Free C-Wire Adapter

Cielo Smart Thermostat Eco

Models: TE101WA (White) & TE102WA (Black)

Colors: Black & White

Display: Crisp Display with On-Device Controls

Supports: Conventional Systems up to (2H/2C) & Heat Pumps (4H/2C)

Smart Home Compatibility: Alexa, Google, Siri Shortcuts, IFTTT, SmartThings, Cielo Linked

Special Features: 7-day Custom & Presets Scheduling | Presets (Home, Away, Sleep) | Comprehensive Usage History | Geofencing for Location-Based Controls

Configuration: App Based only

Apps: [Free Apps \(iOS, Android, Web\), No Subscriptions](#)

Comes with a Free C-Wire Adapter

One App to Control Central HVAC Systems & Mini-Split Heat Pumps

The Cielo Home app provides a single place to manage and control your central heating & cooling and your mini-split systems. No need for multiple apps, embrace total control with one!

Quick & Easy Installation with Multiple Powering Up & Placement Options

Connect with Ease: Cielo's AI-Driven Technology Auto-Detects the Manufacturer and Model of Your Mini-Split

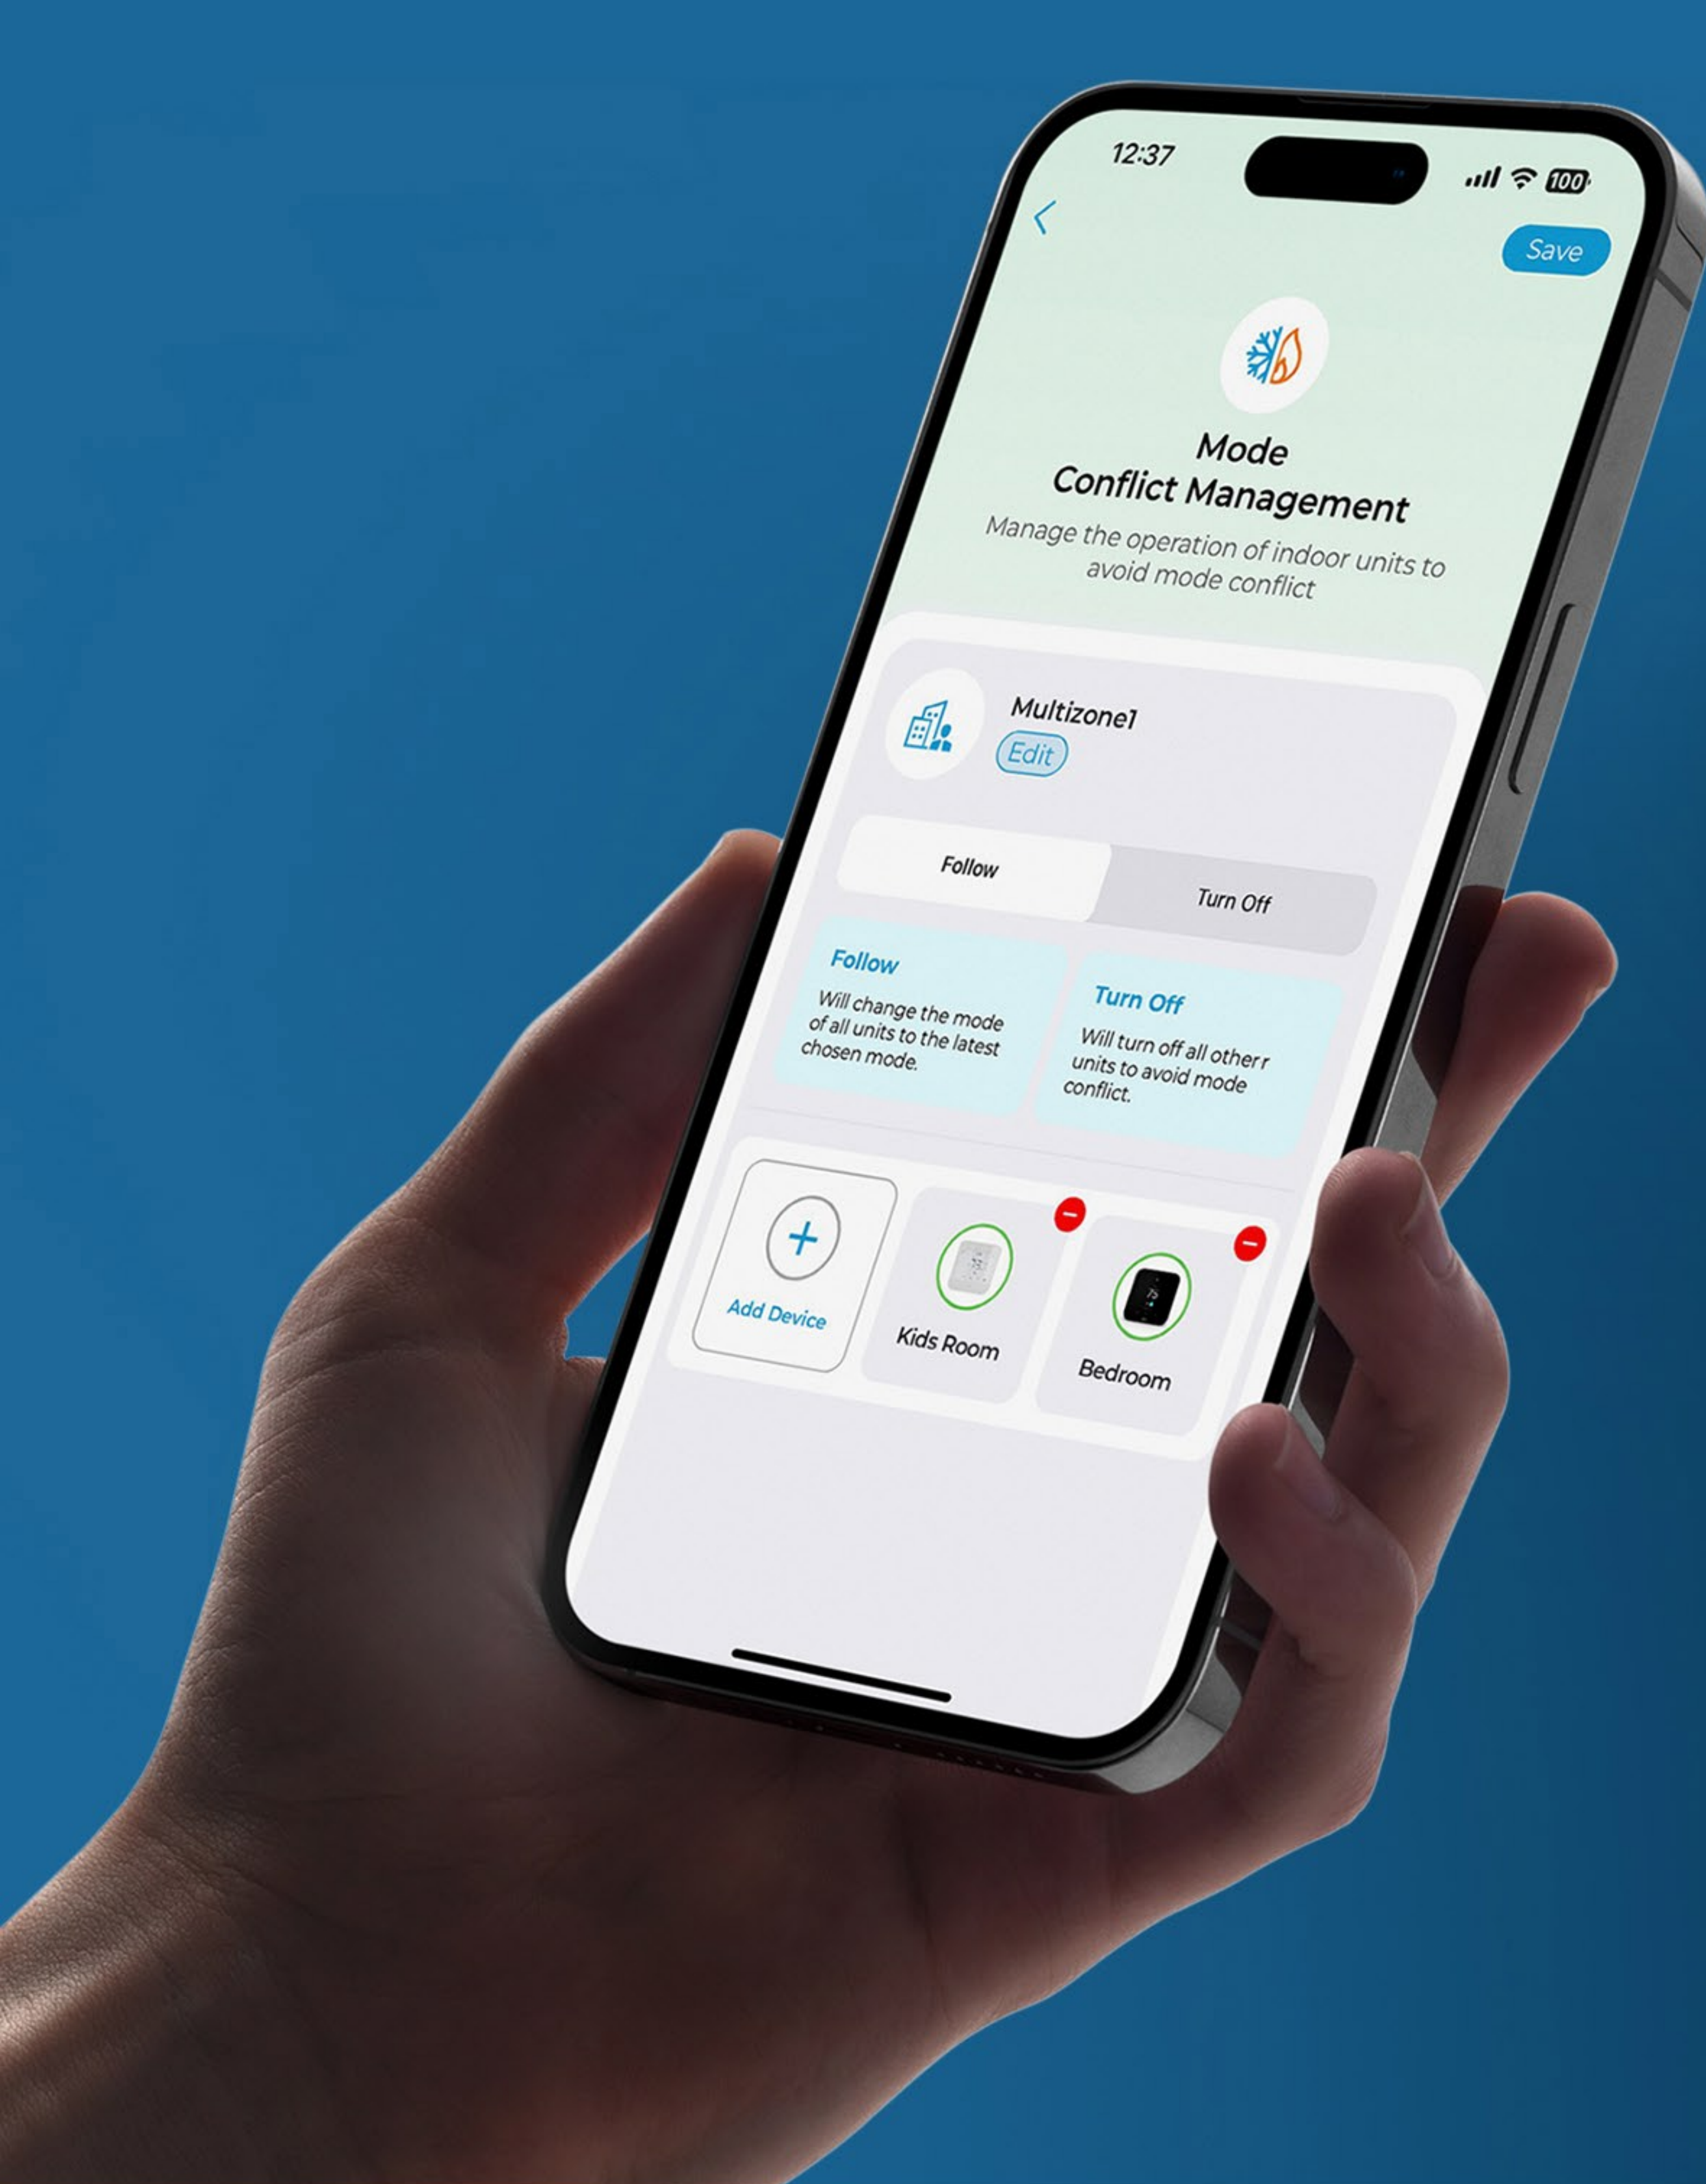

Equipped with AI-driven auto remote detection algorithm, Cielo Breez mini-split controls can detect any mini-split brand and model automatically. Just point your remote at the device and press the power button once — it will automatically select the brand and model, ensuring seamless setup and compatibility.

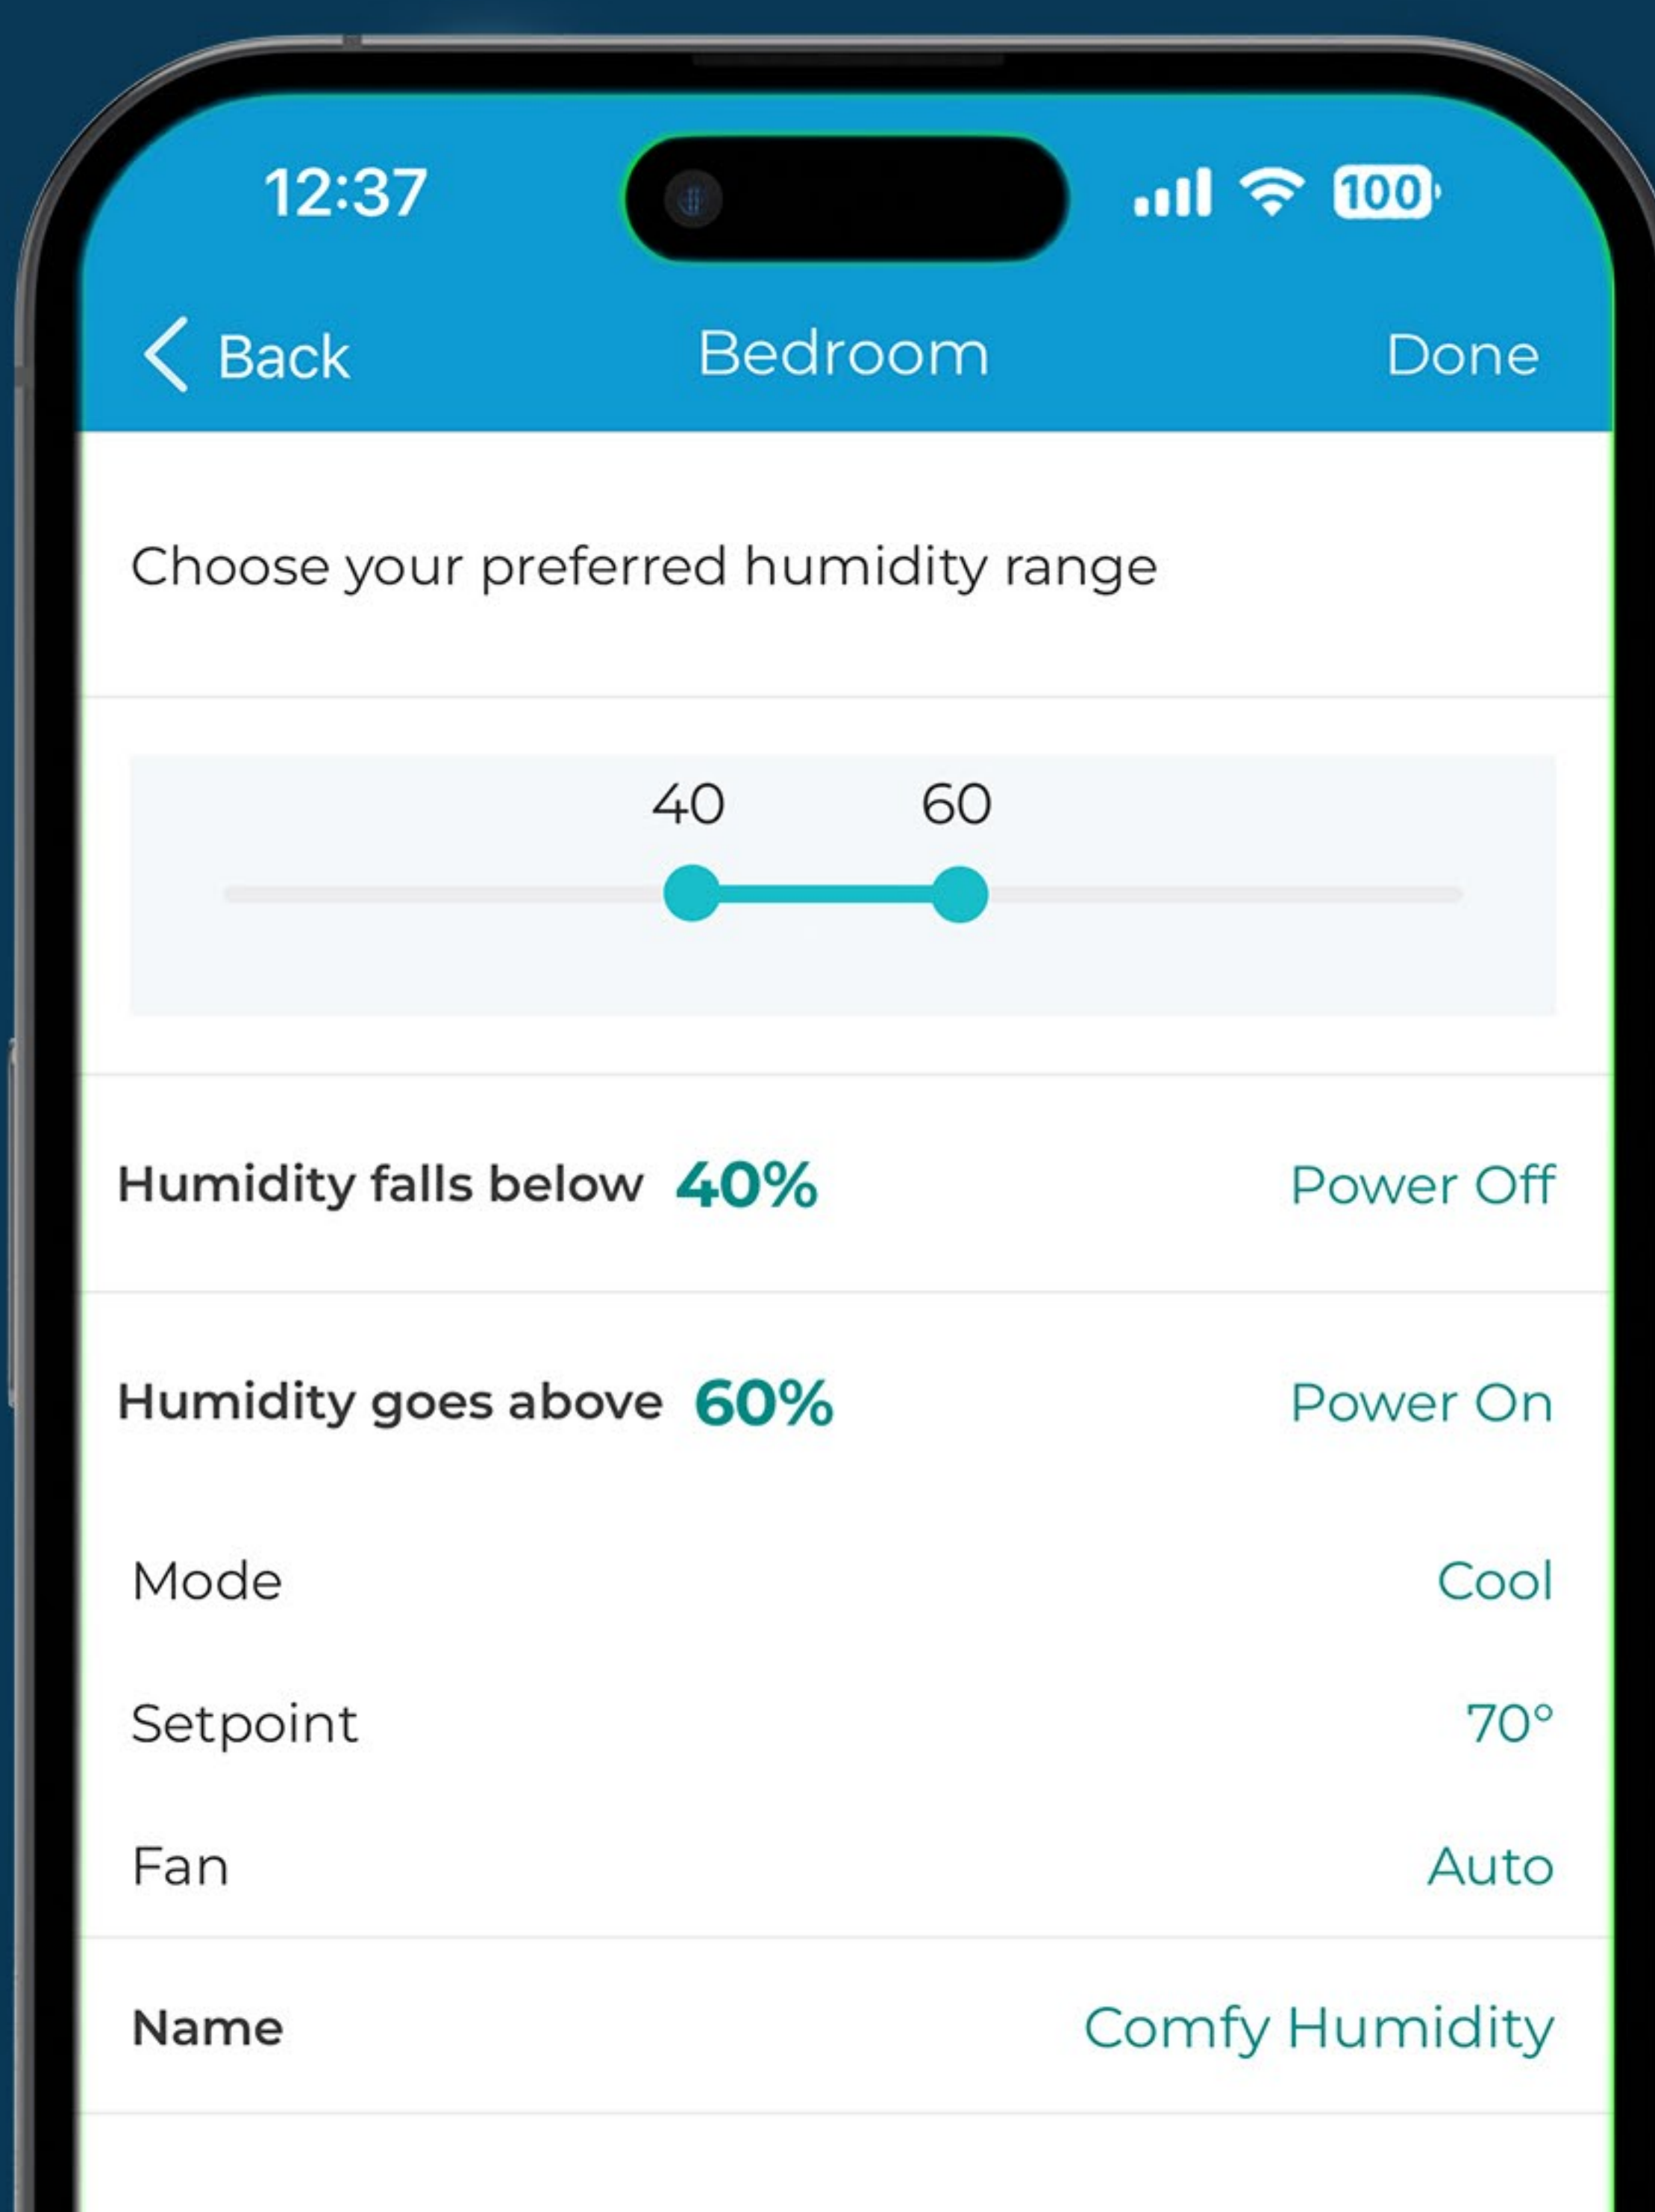

Eliminate Overheating & Overcooling With AI-Powered Comfy Max

Comfy Max turns Breez Edge/Breez Max into a true smart thermostat for mini-splits. It uses AI-powered algorithm to adjust the temperature setpoints, fan speed, and mode of the mini-split to maintain your desired room temperature, preventing overheating or overcooling. You just have to set your desired heating & cooling setpoints and Comfy Max will take care of the rest.

The Perfect Solution to Avoid Mode Conflict in Multi-Zone Mini-Split Systems

Cielo Breez mini-split controls offer a unique feature to **avoid mode conflict and ensure uninterrupted operation** with a multi-zone system. You can synchronize all units to the latest chosen mode or turn off all the other units to avoid mode conflict.

Effortless Humidity Control for Ultimate Comfort

Comfy Humidity automatically adjusts the mini-split operation based on your preferred humidity range, ensuring the room always feels just right, never too dry or too damp. Simply set your desired humidity levels, and let Comfy Humidity maintain a perfectly balanced and comfortable indoor environment.

Mini-Split Controls

Next-Gen Features

Control From Anywhere

View and manage your mini-split settings from anywhere using the free Cielo Home app for iOS, Android, and Web.

Comfy Max

Automatically adjusts your mini-split settings with intelligent AI triggers to achieve your desired temperature for ultimate comfort.

Weekly Schedules

Set schedules for your heating and cooling to automatically run on your desired settings as per your routine.

Comfy Mode

Set preferred temperature or humidity triggers to automate your climate for perfect room conditions.

Usage History

Keep an eye on your usage patterns and find opportunities to save energy.

Presets

Predefined comfort settings for different situations.

Cielo Linked

Reduce reliance on fossil fuel-based heating systems.

Air Filter Status

Receive automatic alerts when your filters require cleaning.

Follow Me

Avoid hot & cold spots by allowing mini-split to rely on smart thermostat's in-built temperature sensors.

*Your mini-split model must support this feature.

Groups

Group multiple Cielo Breez devices into a zone and control all of them with a simple tap.

Turbo Mode

Activates fast cooling or heating to quickly achieve your set temperature.

*Your mini-split model must support this feature.

Freeze Protection

Prevents freezing temperature in extreme cold weather conditions by running your mini-split at minimal power.

*Your mini-split model must support this feature.

Timer

Allows you to quickly set the run time of your mini-split.

Geofencing

Location-based triggers to automatically turn your mini-split on or off as you enter or leave an area.

Built-In Temperature & Humidity Sensors

Continuously monitor your room environment for ultimate comfort.

Temperature Range Lock

Lock minimum and maximum temperature setpoint values. This restricts unnecessary temperature changes & is ideal for rentals to save energy.

Industry's **Best** Cloud-Based **Integrated Controls** Solution

Cielo Linked is a cloud-based platform designed to enhance indoor climate control by intelligently linking mini-splits with central HVAC units or multiple mini-splits. The innovative system streamlines and automates indoor climate, providing optimal comfort and maximizing energy efficiency.

Using Cielo Linked, users can:

- ▶ Link multiple HVAC units, including mini-splits, central and AUX systems
- ▶ Minimize the usage of fossil fuel based heating systems
- ▶ Maximize the utilization of mini-splits and reduce the usage of central heat pumps
- ▶ Automate the operation of multiple mini-splits

Available **Rebates** on Integrated Controls

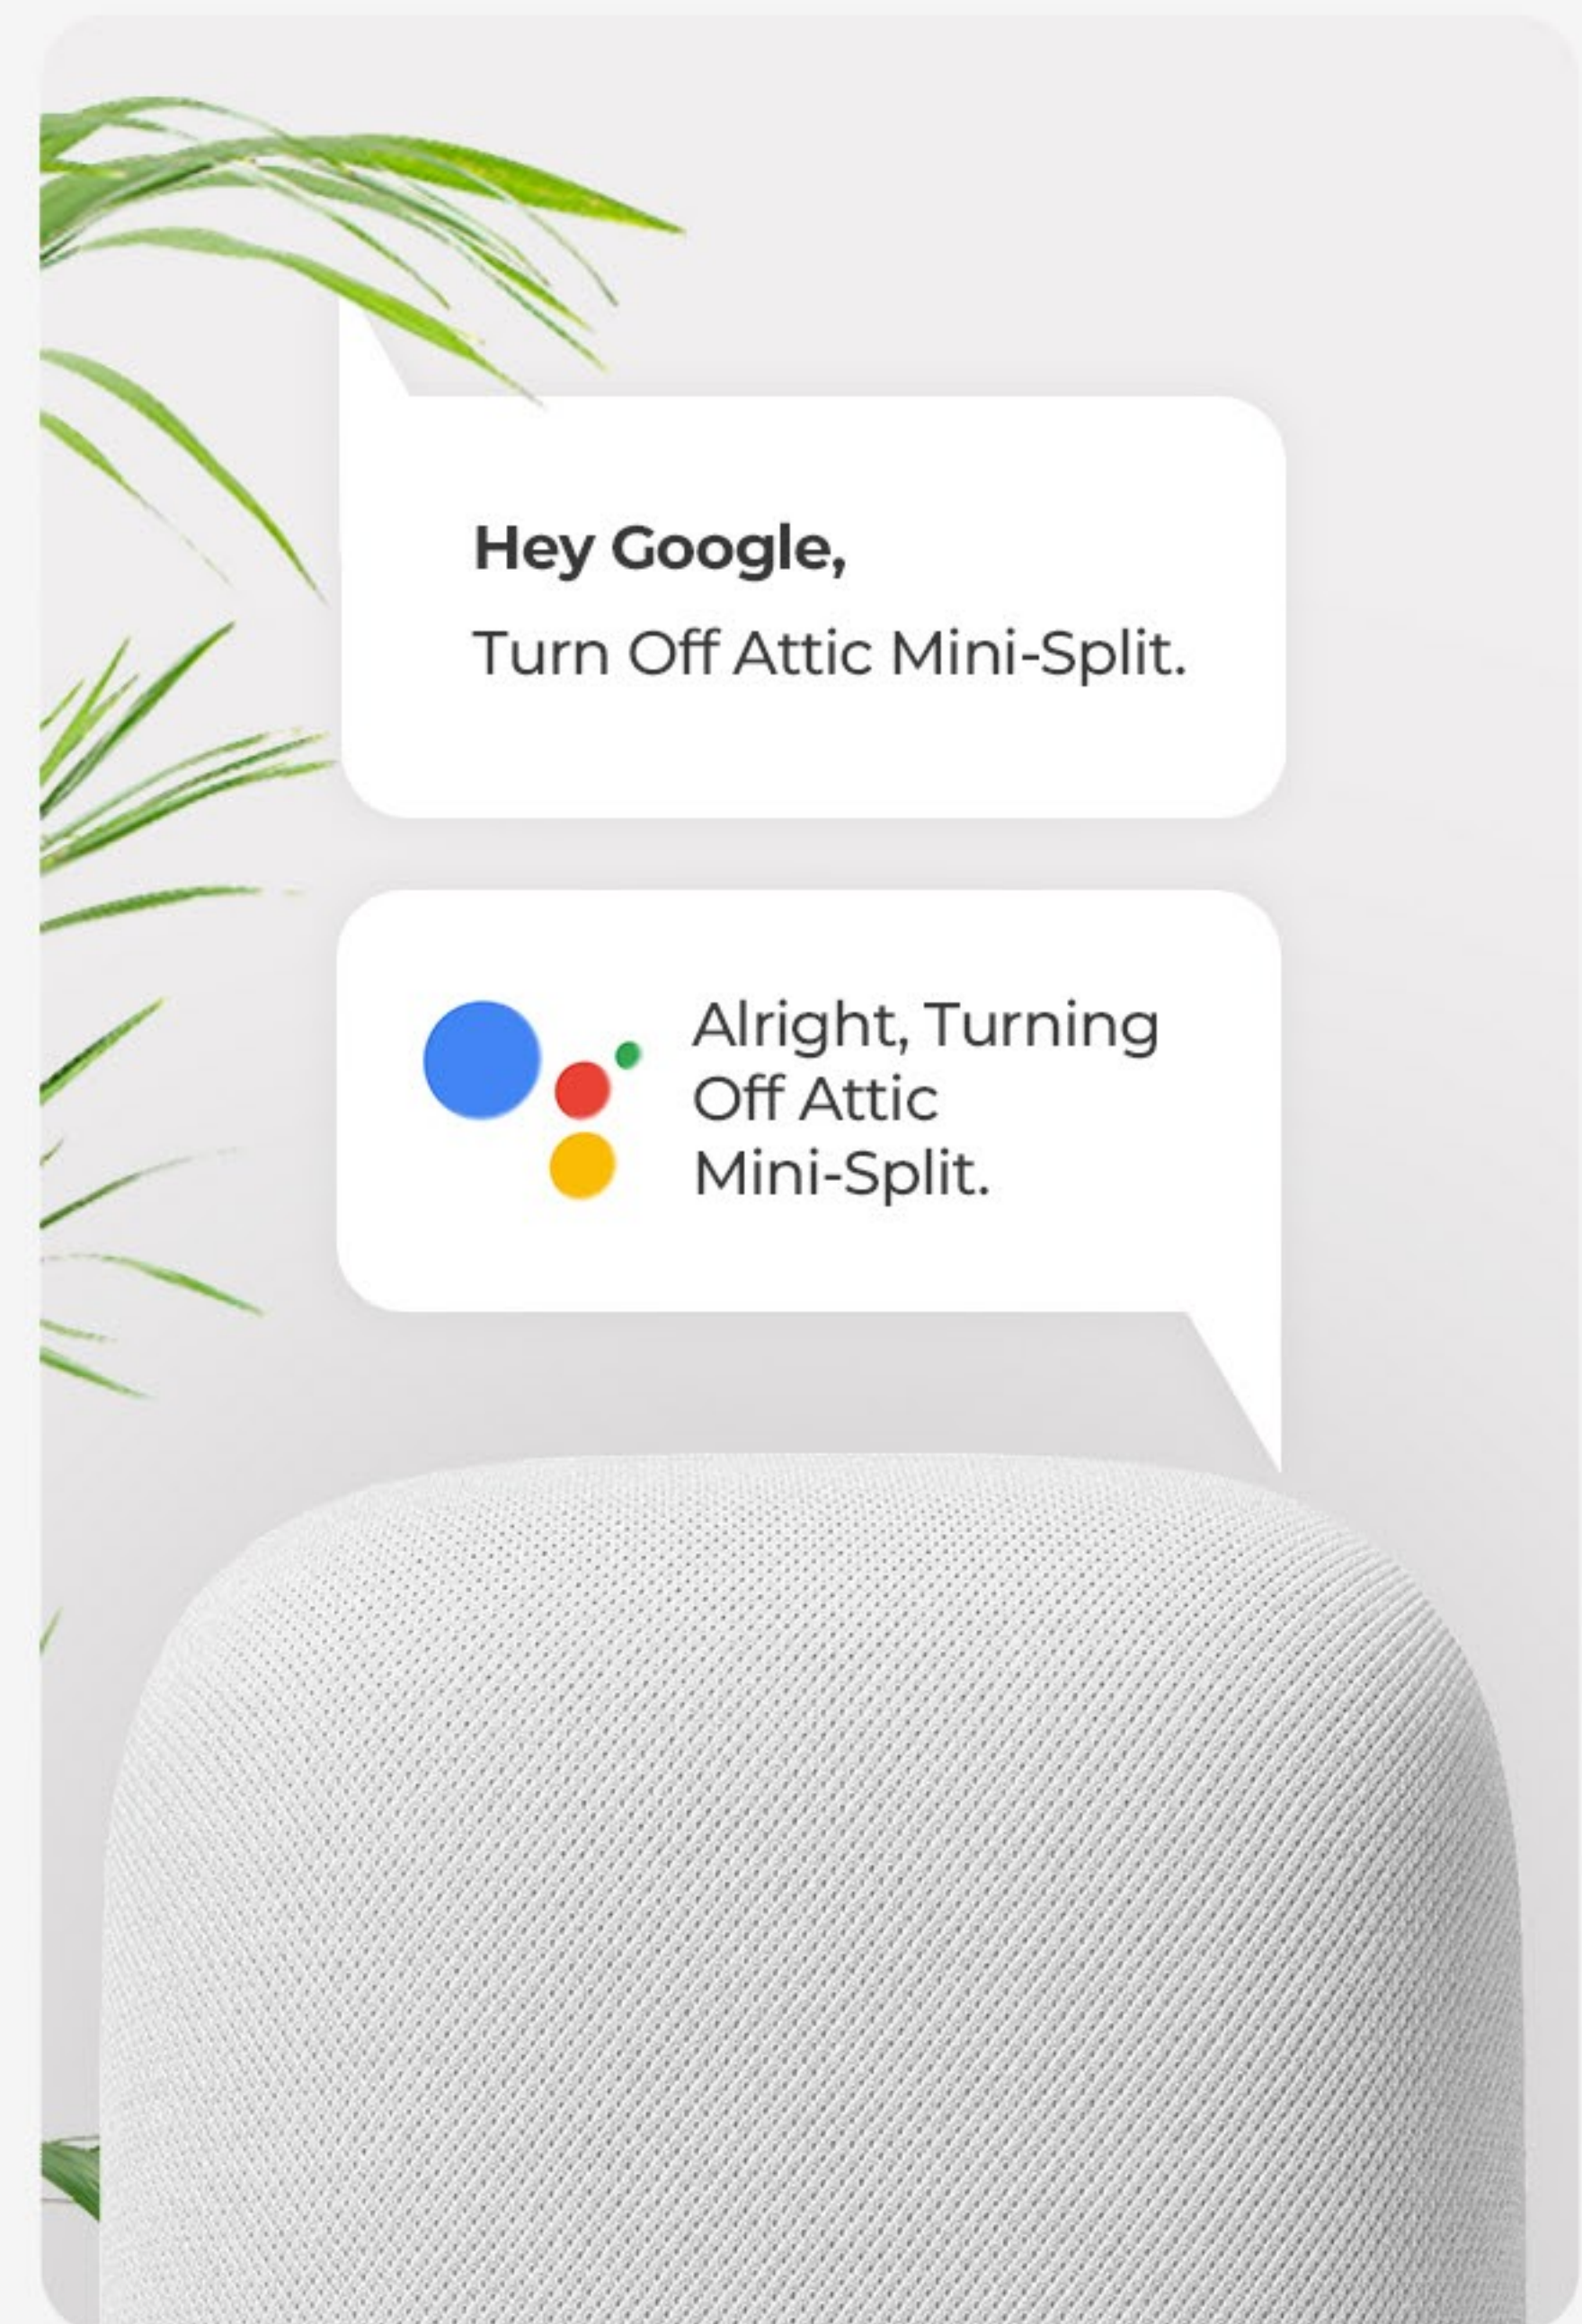

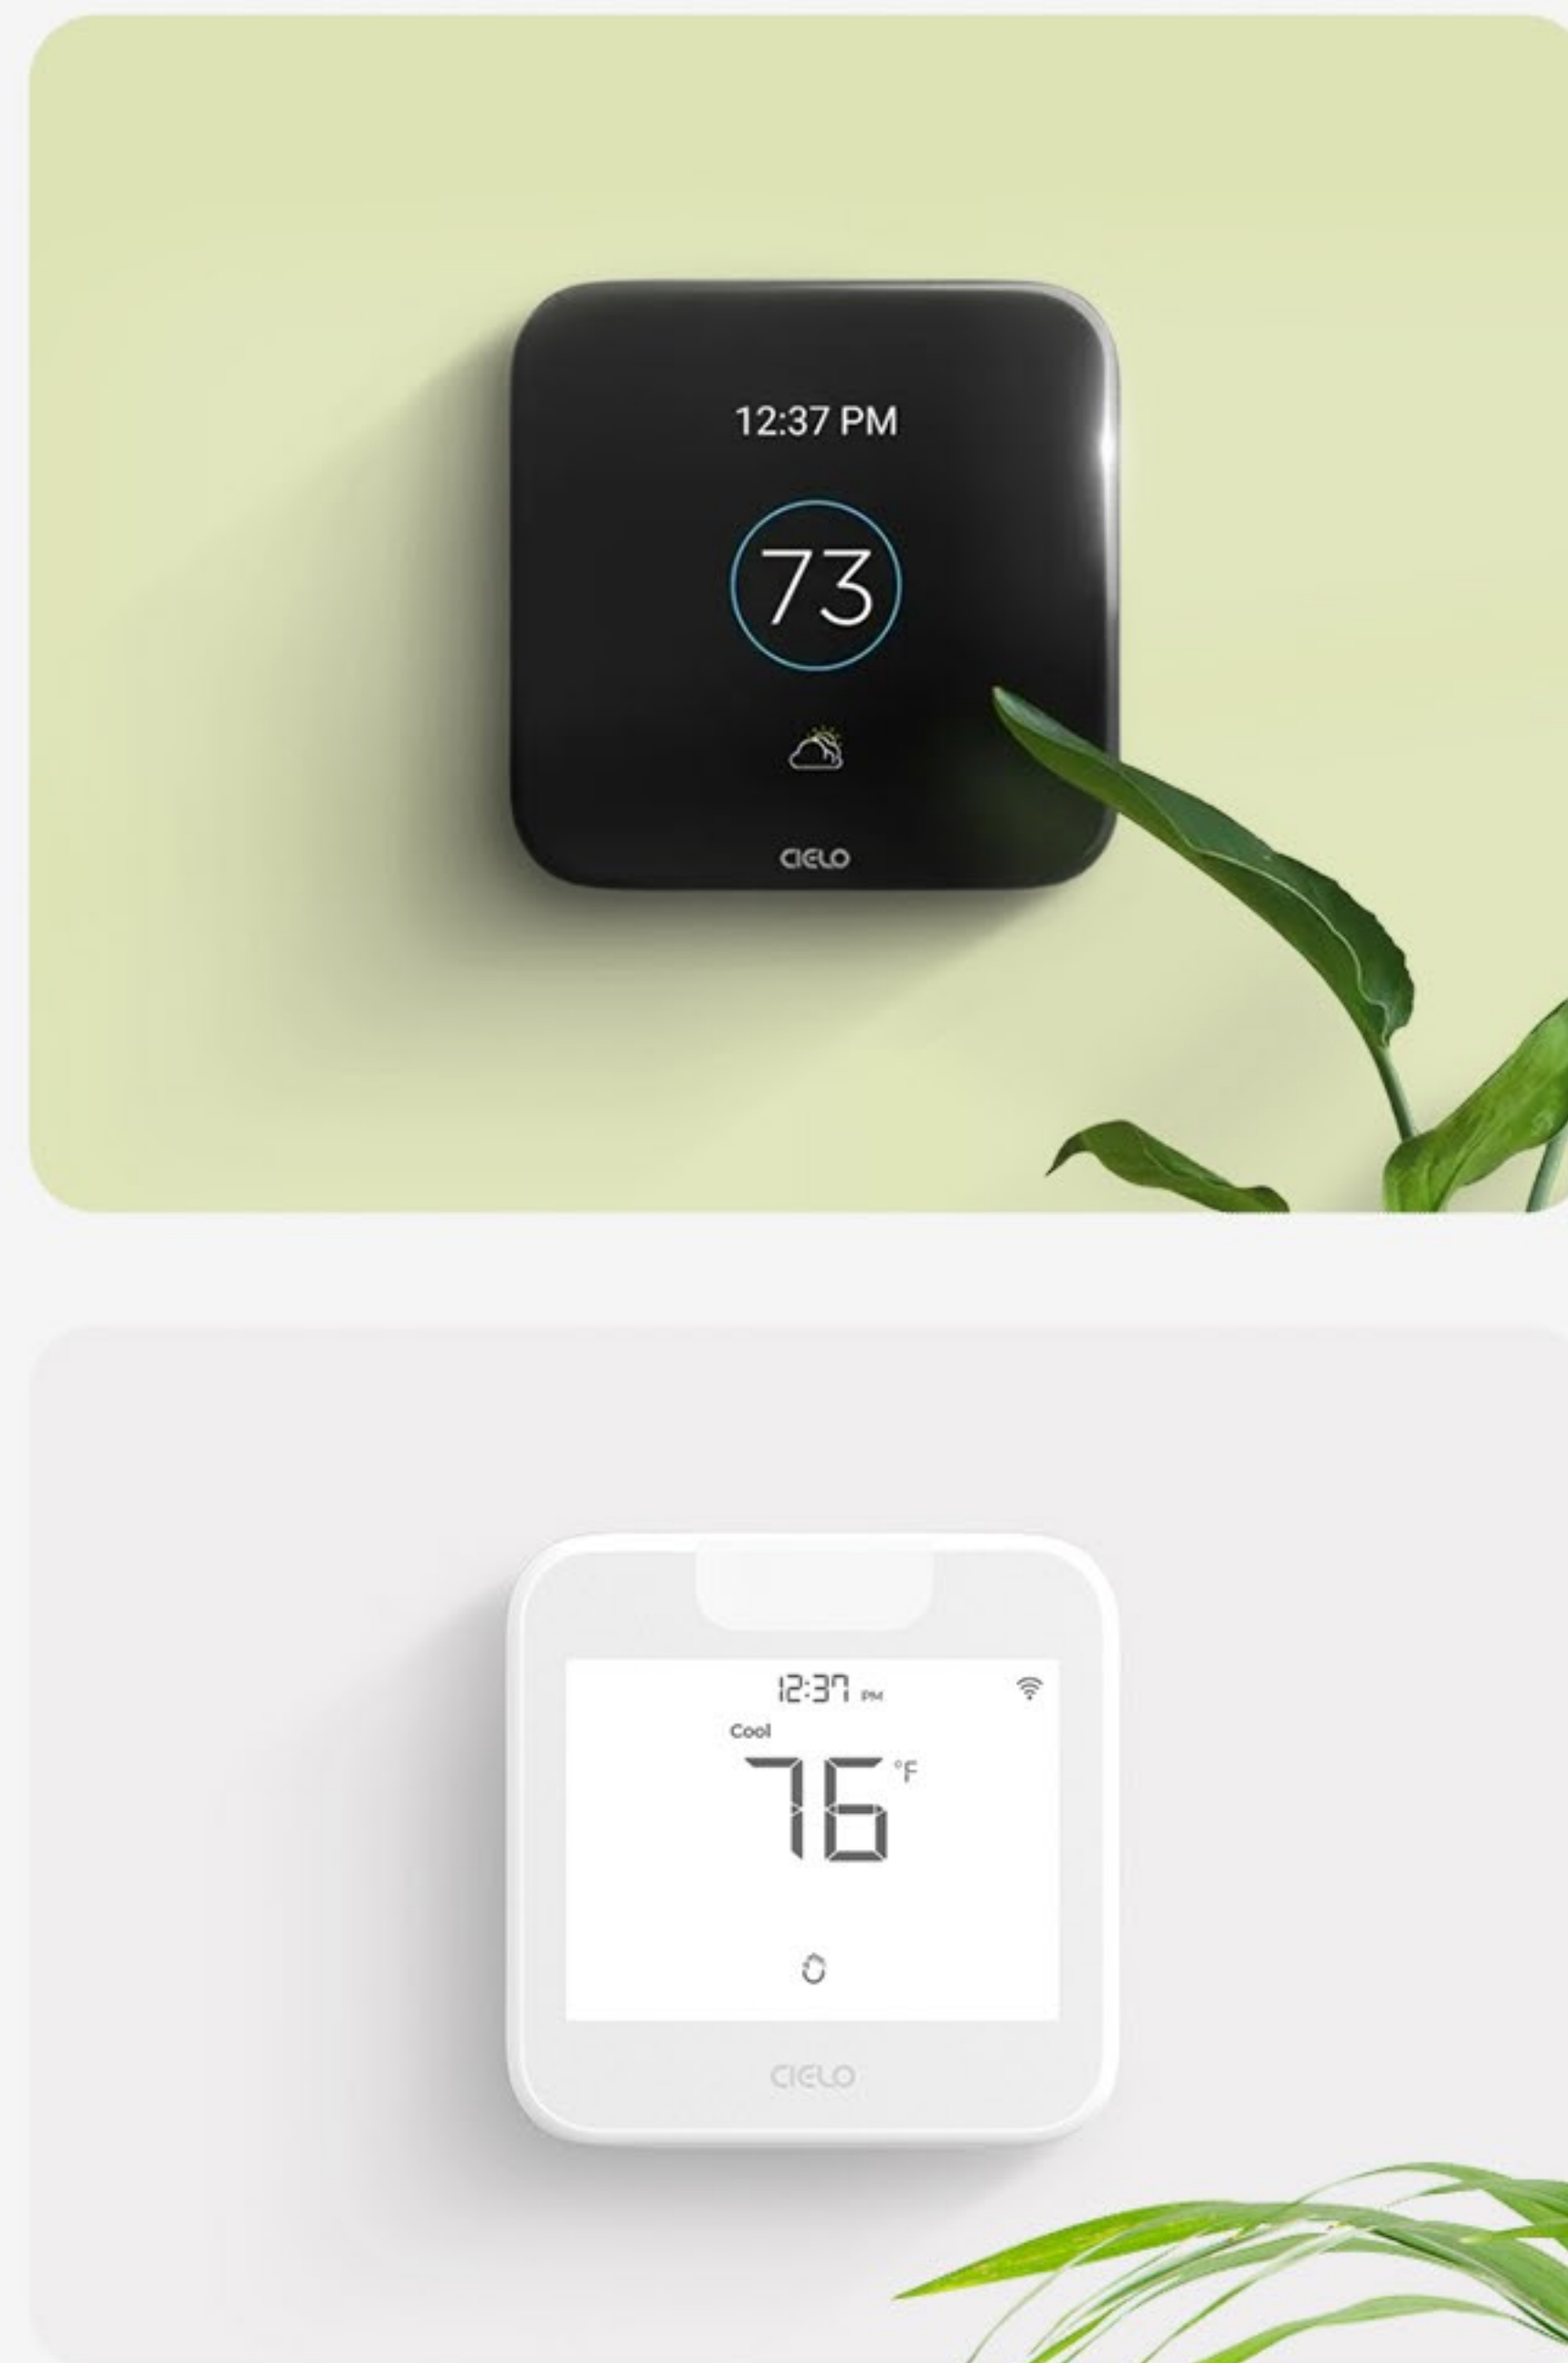

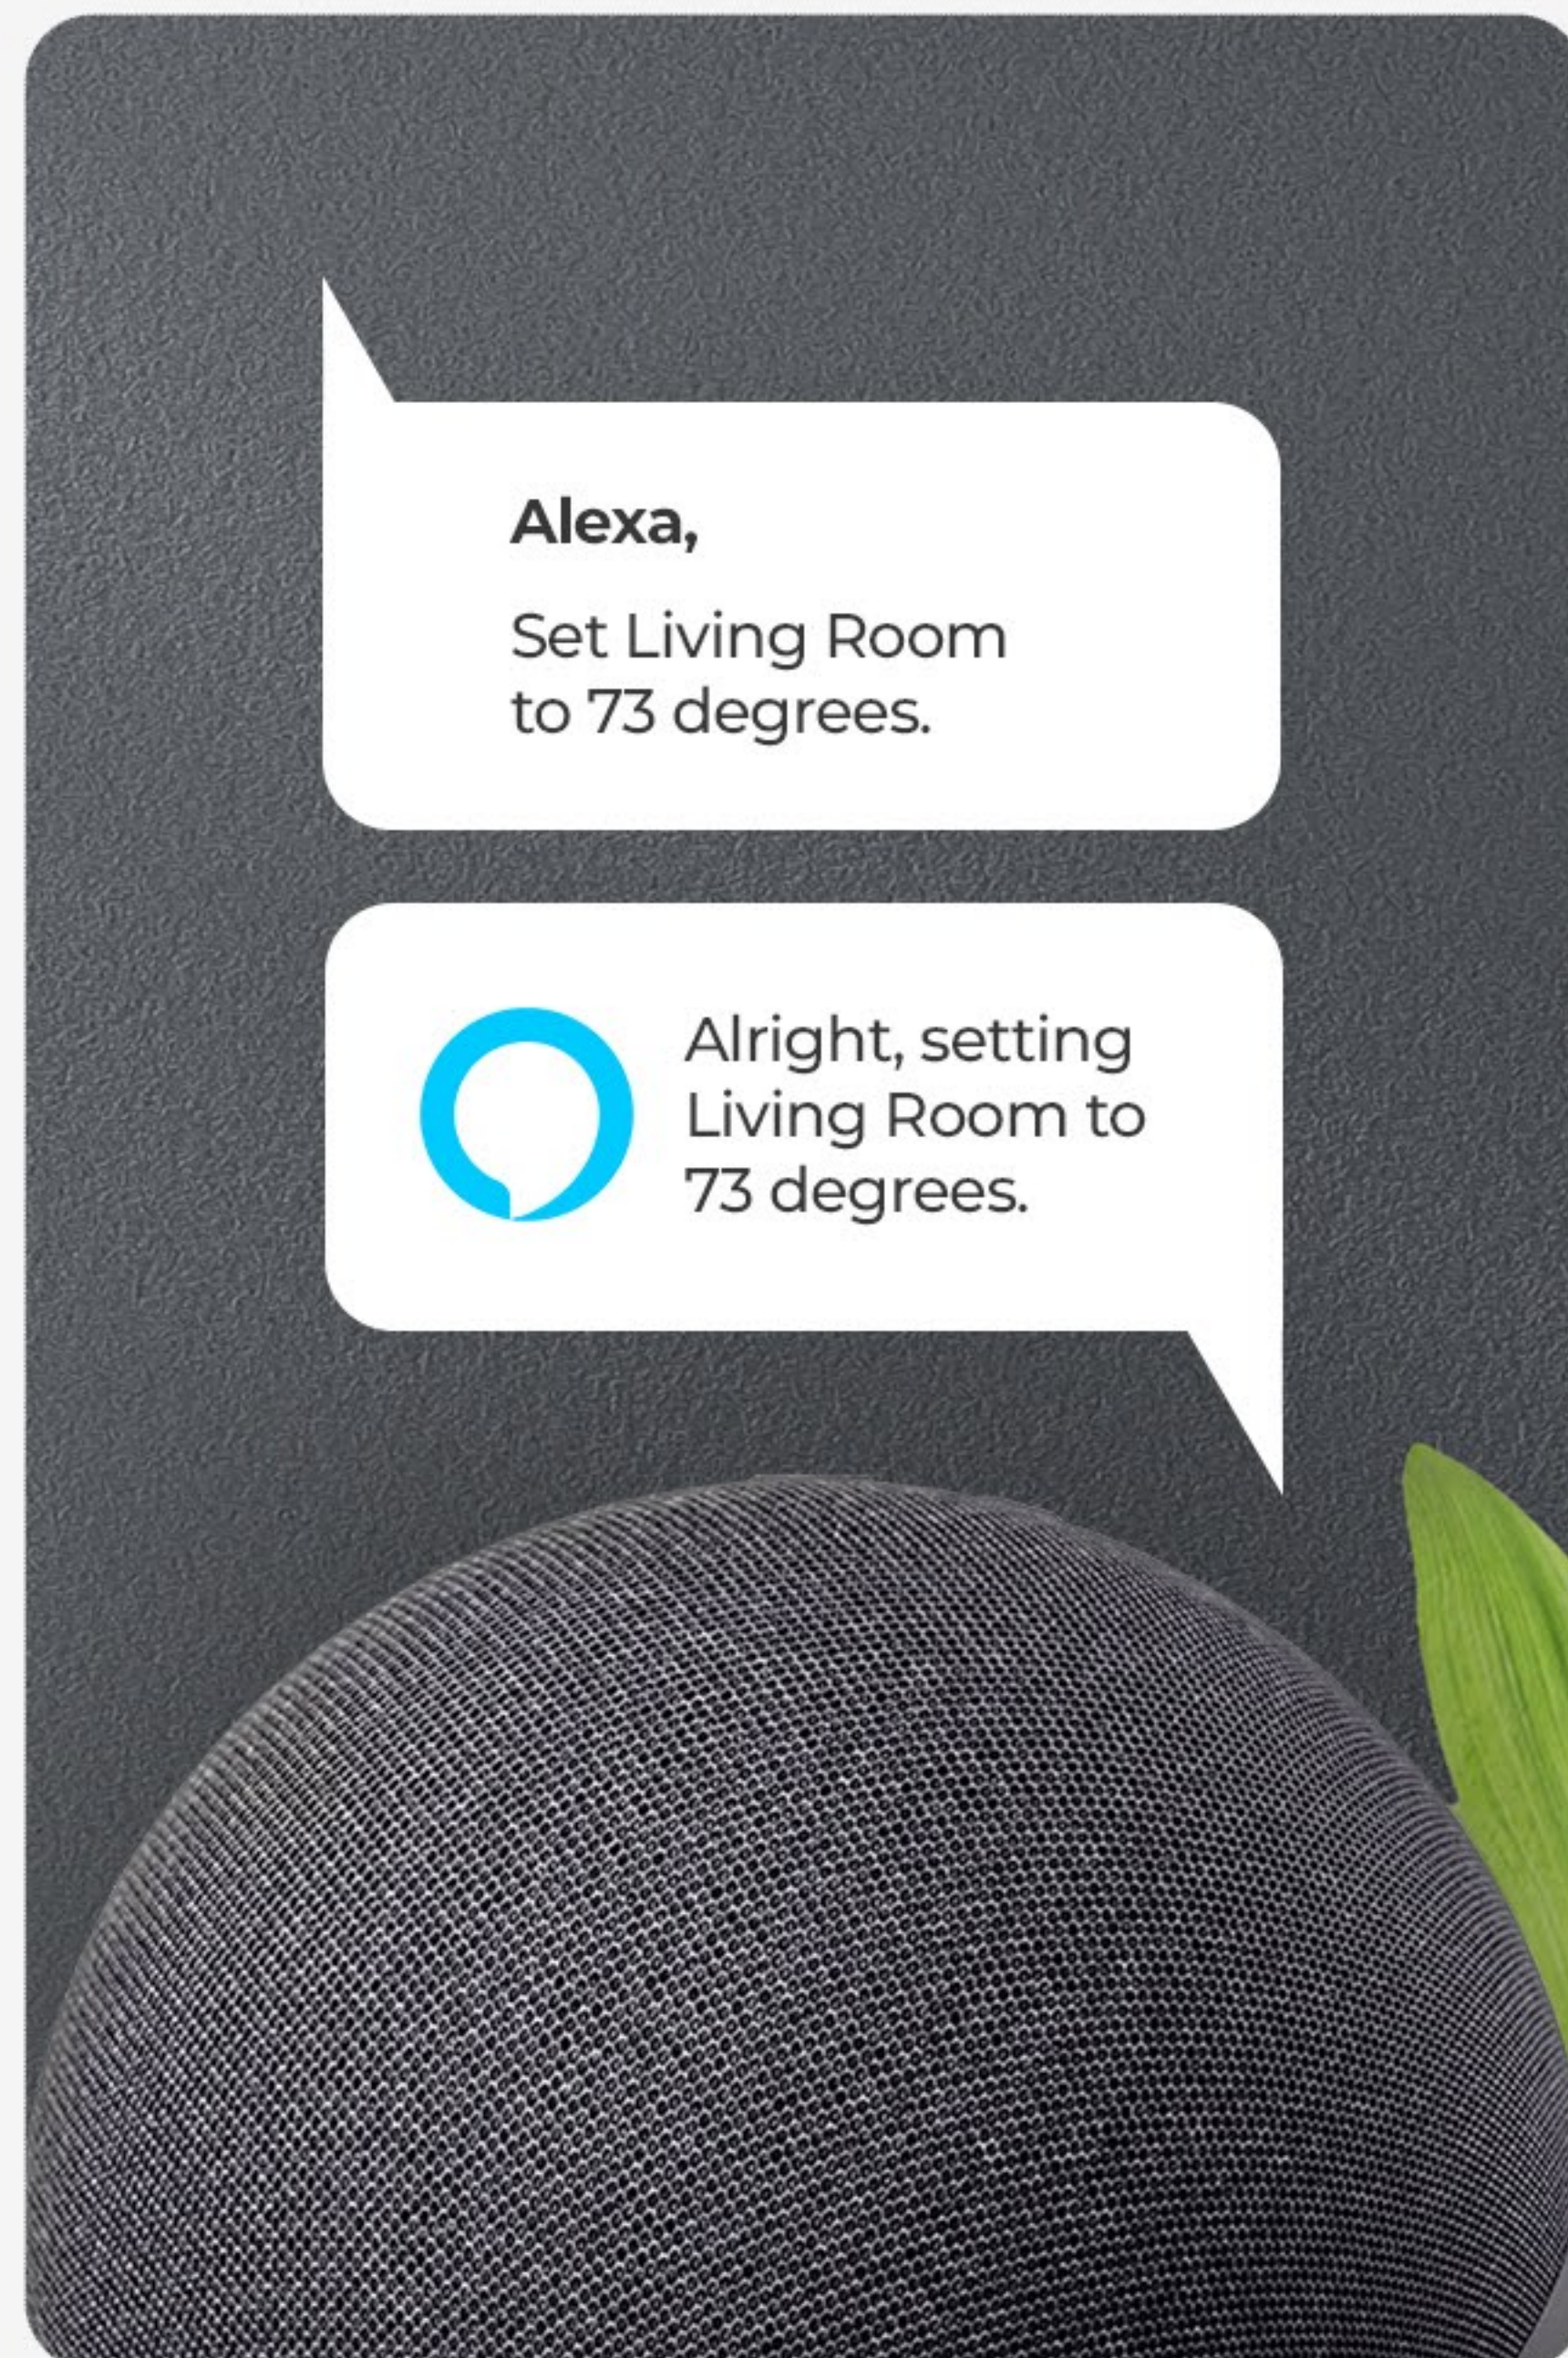

Government offers rebates with programs like Mass Save, aimed at encouraging the adoption of integrated control systems to minimize reliance on fossil fuel-based HVAC equipment.

Cielo smart thermostats are eligible for integrated control rebates from Mass Save: cielowigle.com/rebates

Check with your local utility for available rebates.

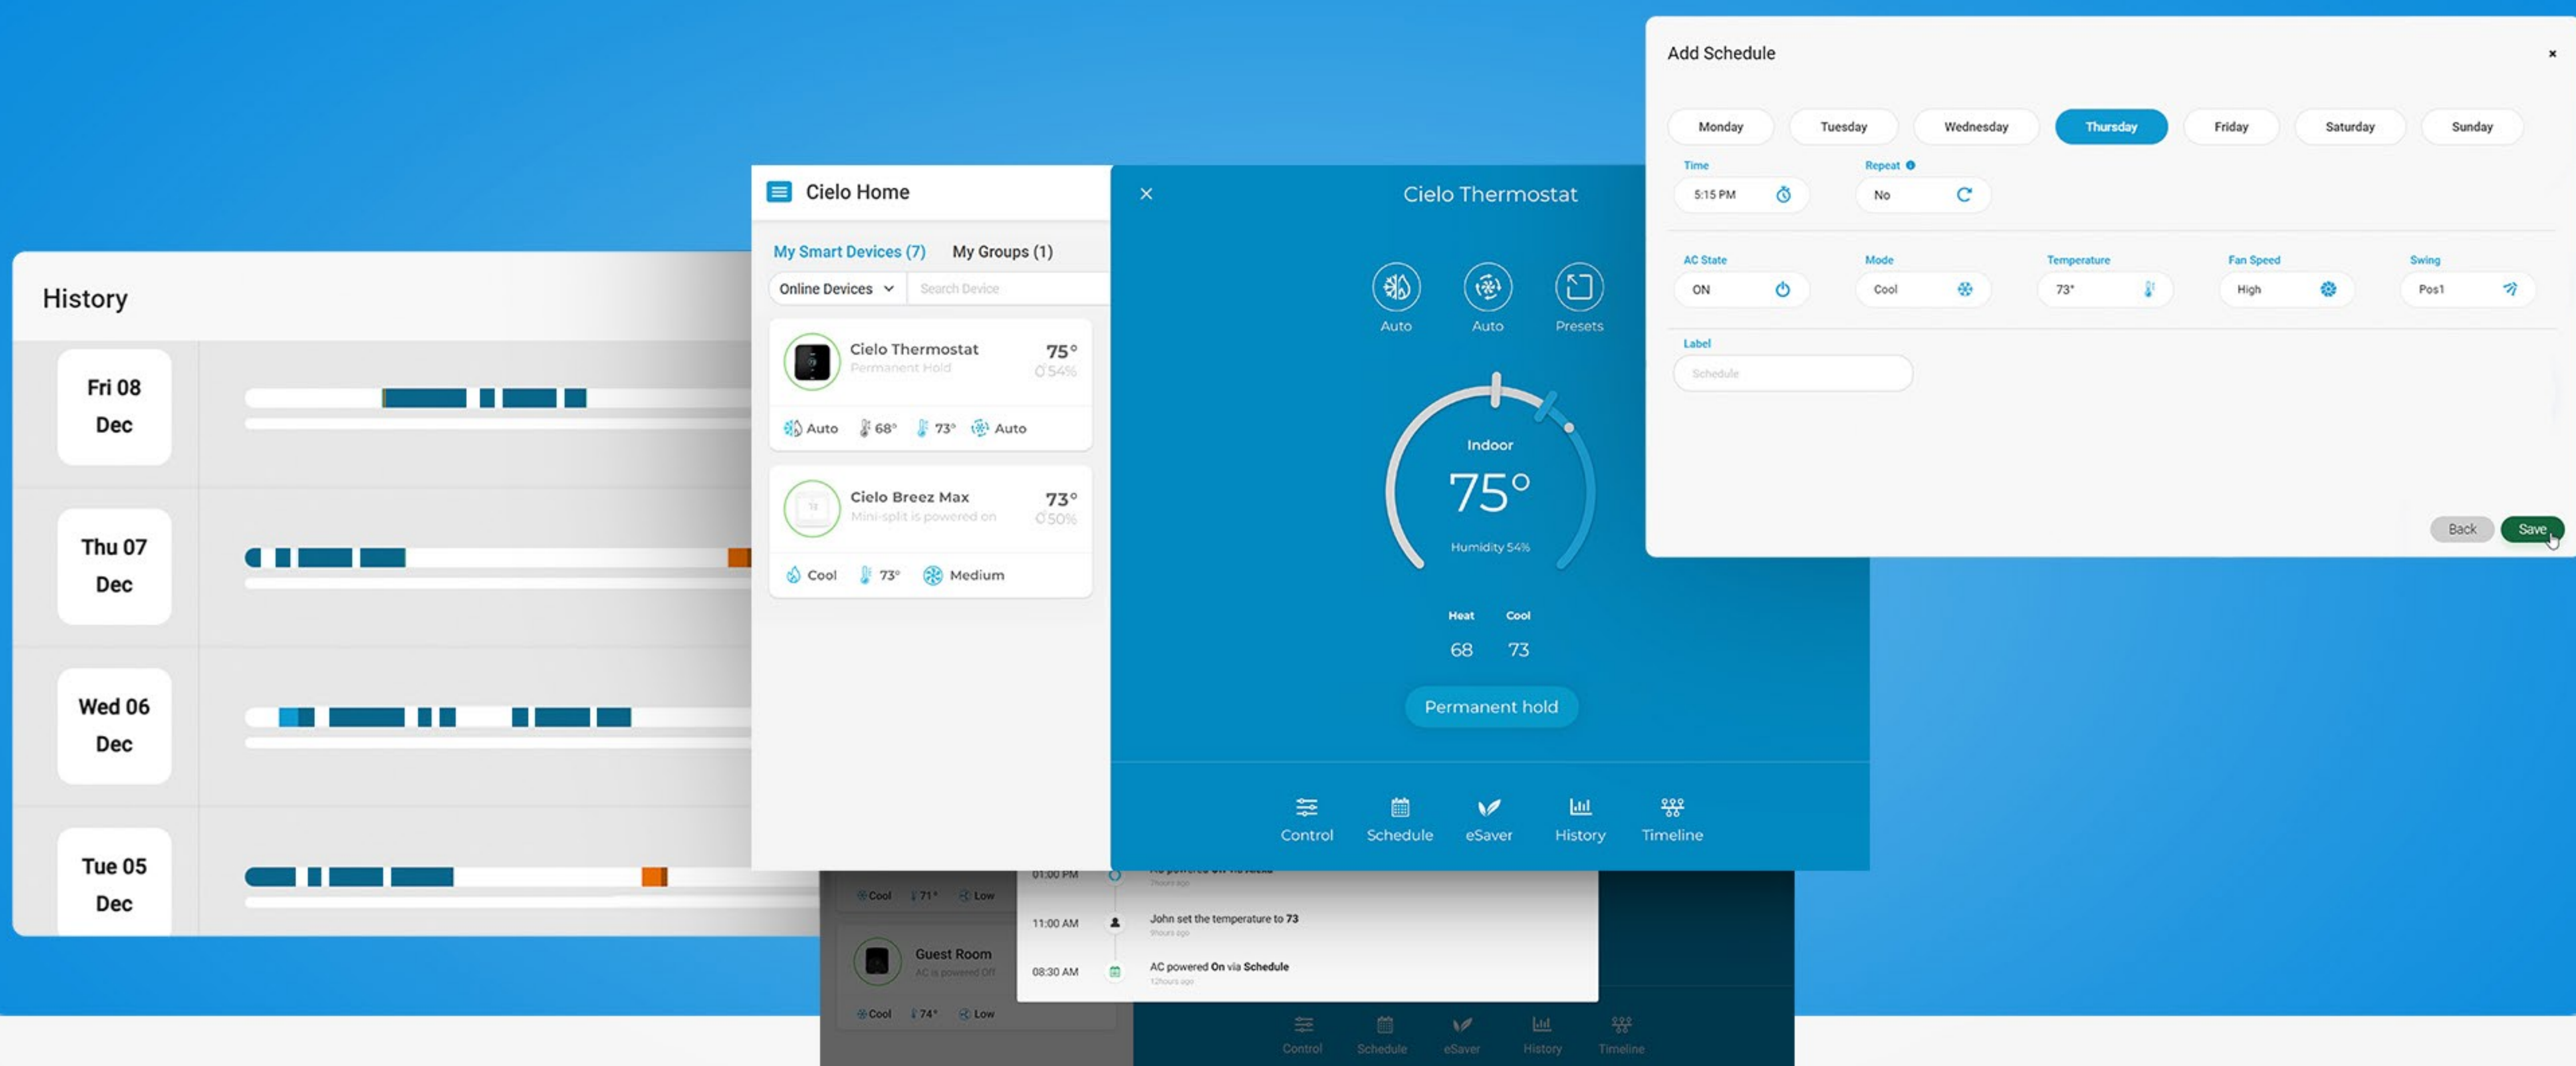

Compatible with Leading Smart Home Platforms

Cielo Home Web App

The Cielo Home web app allows effortless control of multiple air conditioners from a single platform. Its intuitive interface enables users to adjust the temperature, set schedules, change modes, and more for individual units or multiple units simultaneously, ensuring comfort and efficiency.
